March 25, 2009

Sisters and Brothers:

Saturday, March 28<sup>th</sup> at 8:30 pm is Earth Hour. Around the world people will be turning off the lights for one hour and taking other actions to promote global environmental solidarity. Earth Hour is a symbolic event. Turning off our lights for an hour won't stop climate change but it does demonstrate that our individual action is important and adds up to make a big difference. More importantly, it sends a very powerful message to government and world leaders that people want policies and regulations put in place that can achieve meaningful emission reduction to help fight climate change.

I am asking that all PSAC offices participate in Earth Hour, and would ask all of you to support this action as well. More information on Earth Hour can be found at: <http://wwwf.ca/earthhour/> (English) <http://wwwf.ca/fr/earthhour.cfm> (Français)

In Solidarity

John Gordon  
National President
